Prez Sez

Hello everyone.

I am glad to see that the weather is beginning to turn into our favor, so it is time to dust off our planes and get ready for the flying season. Don't forget to charge and check your batteries.

I got back from the Perry Georgia Swap Meet this weekend and began work on the biggest electric motor I have ever seen personally. More on that another time. If the Perry meet is a sign of things to come, we as modelers will have nothing to worry about. This was the biggest turnout at Perry I have seen in a long time. There were several thousand people there shopping and about the same there selling. Lots of good deals on everything from small 1/2a racers up to 50% Cub ARF! I was glad to see about a dozen club members there everyone had a good time.

Make sure and put it on your calendar next year!!

Peter

Minutes for the February 2010 RCRC General Membership Meeting

The meeting was called to order at 7:00 pm on February 16, 2010. A quorum of the membership was not present.

Board members present:

Vice President, Secretary, Treasurer, and Newsletter editor

Guests: None

New members: None

Treasurer's report:

The report was presented by the treasurer. A motion was made and seconded to accept the report as presented. The motion passed. Since there was not a quorum of the members present it will have to be voted on at the next general membership meeting.

General Membership Minutes:

A motion was made to approve the January 2010 General Membership Meeting minutes as published in the newsletter. The motion was seconded, voted on and approved by the membership. Since there was not a quorum of the members present it will have to be voted on at the next general membership meeting

Old Business: None

New Business:

There was a motion to approve the treasurer's report for January since there was not a quorum of members during the January meeting. The motion passed.

The motion from the January meeting to approve Brian Kennedy's proposal for his event which was approved by the membership last month was voted on again, due to a lack of membership quorum in January. The motion passed.

The membership was informed of the visit by the fire marshal and inspection of the fuel storage facility. He gave two recommendations for changes to be made to allow the storage of fuel:

1 The storage building requires a vent system. He recommended a wind power turbine.

2 A catch pan needs to be placed under the fuel in case a bottle leaks.

The board agreed that they would proceed with the two required modifications.

Wayne Gladden made a proposal to make a change to the bylaws deleting the late fee for members not paying their dues by the December general membership meeting.

His proposal is to modify Article Three, section 3, paragraph (a) to read as follows:

Annual membership dues are \$50.00. Additional immediate family membership for each member will be assessed at the rate of ½ (one half) times the normal annual dues if the address is the same as the initial member's.

This change of the bylaws will be voted on at the next general membership meeting by the membership

A motion was made to adjourn the meeting. It was seconded and approved.

The meeting was adjourned at 7:30

Minutes for the March 2010 RCRC Board of Directors Meeting

The meeting was called to order on March 2, 2010, at 18:30

President, Secretary, Treasurer and News Letter Editor were present.

Guests: None

Old business: The president reported that most of the material needed to meet the Fire Marshal's requirements in order for the club to store fuel at the field has been purchased. Installation will be completed as soon as the weather warms up..

New business: No new business was introduced

The meeting was adjourned at 18:45.
